2a: Supporting information – please provide the information requested below to help us process your application – please confirm the information provided in section 6.

- A plan showing the exact location of the site – this should clearly identify the site and the surrounding area.
- A site plan or construction drawing showing the proposed scheme – please provide electronic copies of the plans in an AutoCAD format 2018 or earlier version (we're unable to open files saved in versions later than 2018).
- If you are changing ground levels where there is a United Utilities water main(s) located please provide details of the depths of construction.
- Trial hole results if you are changing ground levels (required for formal quote only).
- A copy of any site investigation report carried out on the land (required for formal quotes only).

2b: land ownership

Are you the land owner?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
If no, is the area proposed for adoption by the Highways Authority?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Is the land where the water main is located public or private?	<input type="checkbox"/> Public	<input type="checkbox"/> Private
Do you have permission to access and work on the land?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Have you consulted all relevant parties of any potential archaeological and environmental issues with the land?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Is the land where the water main is located a brownfield site?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
If yes, please complete a 'Risk assessment for water pipes' form which is available on our website unitedutilities.com/builders-developers		

Please note that seeking permission to access and excavate the land once the application has been made will delay the process.

Please give details of any third party land owners

--	--

Section 3: Details of asset(s) to be diverted

Please provide details of the type of water main asset(s) to be diverted, the location, and the reason for the diversion.

--	--

Timescales for programme of work

Start date		Predicted end date	
When the work is complete, will there be any change to the current ground level? If yes, please specify how much this will change by (in mm).			
What will be the maximum weight of any vehicle/machinery crossing the water main during and after construction?			

Section 4: Construction details

What work would you like United Utilities to carry out on the water mains diversion?	All water main diversion work including excavation and backfilling	<input type="checkbox"/>
	Water main diversion work only (developer to excavate and backfill)	<input type="checkbox"/>

If you intend to carry out the excavation and backfilling work, you will need to complete an 'Excavation option agreement' which is available on our website unitedutilities.com/builders-developers

Traffic management

Will United Utilities be working under your traffic management arrangements?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Please note we will base our quote on details provided in this form. Any changes in arrangements may result in additional charges and may delay the work.		

Section 5: Application type and payment details

Please select from one of the following

Estimate

Formal Quote

There is a fee payable for a formal quote, which is **£776.40** (incl VAT), further information is available on our website unitedutilities.com/builders-developers/guidance/our-charges/new-connections-and-developer-services. If you are still at the design stage of your development we can provide a free estimate.

If applying for a formal quote, how would you like to pay the application fee?

Credit/debit card – when we receive your application we'll contact you within three working days, on the number provided above, to take payment over the phone.

BACS – when we receive your application we'll contact you within three working days with our BACS details and a reference number.

If you already have our BACS details, please do not pay before you're received the reference number for this application.

Cheque – please make payable to United Utilities and enclose with your application.

Section 6: Document checklist

To make sure your application is processed quickly, please ensure that you have completed all of the questions on the application form and use the checklist below to show any supporting documents you have included with your application. Please note that incomplete submissions can delay your application.

	Provided
Requested in section 2 <ul style="list-style-type: none"> • Site location plan • Site layout plan or construction drawing • Electronic copies of plans • Details of construction depths and location of water mains • Trial hole results • Copy of site investigation report • Copy of risk assessment for water pipes form 	<input type="checkbox"/> Yes <input type="checkbox"/> Yes <input type="checkbox"/> Yes <input type="checkbox"/> Yes <input type="checkbox"/> N/A <input type="checkbox"/> Yes <input type="checkbox"/> N/A <input type="checkbox"/> Yes <input type="checkbox"/> N/A <input type="checkbox"/> Yes <input type="checkbox"/> N/A
